

PORTABLE CCTV

MVIS Portable CCTV comes complete with the innovative Solar Intelligent Platform (IP), perfect for road work zones, school zones and anywhere that speed enforcement and road safety is required. This unique trailer mounted solar powered, mast mounted PTZ CCTV system incorporates the latest technology in video encoders, delivering exceptional frame rates, even in poor signal areas.

The CCTV unit is portable, easy to setup and operate and is reliable under all conditions. The high speed ruggedised vandal resistant day / night PTZ cameras are sealed to IP67, and designed to withstand harsh and challenging environments or areas where camera units may experience physical abuse.

KEY FEATURES (CCTV)

- Vandal resistant
- Day/night operation
- Minimum illumination as low as 0.0004 lux in night mode
- Optical encoders for accurate positioning and repeatability
- 10x optical zoom
- Optional heater for reliable operation down to -40°C
- Flat, toughened glass window
- Protected to IP67
- Built-in camera lens wiper
- Presets, tours and privacy masking
- Multiple control protocols

Mobile Visual Information Systems

MVIS PRODUCT
PORTABLE CCTV

KEY FEATURES (SOLAR IP)

- Mobile
- Flexible
- Solar powered
- Energy independent
- Environmentally friendly
- Silent
- Cost effective
- Easily deployed
- Built in video image recorder available

TECHNICAL SPECIFICATION

TRAILER

Length (overall): 2050mm*

Width (operating position): 1500mm*

Height (travel position): 1950mm*

Height (max operating position): 5000mm*

Weight: 690kg*

* approximation only

POWER

Voltage: 12V

Solar panels: 2 x 250W panels

Batteries: 12V 1000 AH deep cycle (4 x 250 A/H)

Solar Controller: 20A regulator

Operation: Batteries / solar
